Part I Background

1 Introduction 3
Meanings and culture 5
Psychology and cultural anthropology 8
Summary of the book 10

2 Anthropological resistance 12
Interpretivism: meanings are public 13
Poststructuralism and postmodernism: culture and the self are constructed 23
Historical materialism: people can resist cultural meanings 36
Cognition in practice/discourse pragmatics: meanings depend on context 42
Toward a more fruitful resolution: Bourdieu 44

3 Schema theory and connectionism 48
Introduction to connectionism 50
Connectionism for the somewhat more formally minded 60
Final comments: symbols and meanings 82

Part II Implications for a theory of culture

4 Two properties of culture 89
Durability in the individual 89
Motivational force 101

5 Three further properties of culture 111
Historical durability 111
Thematicity 118
Sharedness 122

Part III Practice and possibilities

6 Research on shared task solutions 137
NAOMI QUINN
Analysis 1. Metaphors for marriage and what they do 140
Analysis 2. A shared schema for reasoning about marriage 160
Conclusion 187

7 Research on the psychodynamics of shared understandings 189
NAOMI QUINN
Analysis 3. The psychodynamic basis of marital love 189
Conclusion 208

8 Research on cultural discontinuities 210
CLAUDIA STRAUSS
Analysis 1. How are conflicting discourses internalized? 213
Analysis 2. The disparate motivational effects of different forms of culture learning 231
Analysis 3. Disjunctures between shared understandings and public culture 245
Conclusion 251

9 Beyond old oppositions 252
