List of Figures

1.1	Top 15 reasons why home owners sell and move.	11
3.1	Proportion of migrants, Britain 2000–2001, in each age group by ethnic group.	35
3.2	Probability of moving to a non-settlement district for those who originated in an immigrant settlement district, by economic status (National Statistics Socio-economic Classification) and ethnic group.	40
6.1	Internal migration research agenda.	96
8.1	Placing health in migration: linking migrant characteristics, lifecourse and resulting spatial variations.	119
9.1	The relationship between net internal migration and population density by age and gender for the UK population, 1991.	134
11.1	Internal migration: a conceptual map of geographical perspectives and processes.	175

List of Tables

2.1	A 'traditional' conceptualisation of the linkages between lifecourse stages and migration in the UK.	16
3.1	Migration rates (%) by ethnic group, Britain, 2000–2001 and 1990–1991.	34
3.2	Migration between group concentrations and other areas, 2000–2001.	37
5.1	Expected and unexpected trends in employment, mobility and migration: assessment of predictions from Britain in 2010 (PSI, 1991).	67
6.1	Tenure of households in England and Wales, 1991–2001–2011.	83
9.1	The UK's ageing population, 1971–2051.	132
9.2	Models describing the variation of migration rates by age.	137
