CONTENTS

| | |
|---|-----|
| Preface | vii |
| Introduction <i>Dorothy S. Zinberg</i> | 1 |
| SECTION I: PERSPECTIVES FROM ACADEMIA, INDUSTRY, AND GOVERNMENT | |
| Reconciling Conflicts – The Challenge for the University <i>Derek C. Bok, President, Harvard University</i> | 15 |
| An Industry Perspective on the Changing University <i>John A. Armstrong, Vice President for Science and Technology, IBM</i> | 17 |
| Positioning U.S. Science Policy for the New World Order <i>Erich Bloch, Former Director National Science Foundation</i> | 25 |
| The University – and Particularly the Technological University: Pragmatism and Beyond <i>George Bugliarello, President, Polytechnic University</i> | 31 |
| The Swing of the Pendulum: Financing of British Universities from the 1960s through the 1980s <i>Shirley Williams, Public Service Professor of Electoral Politics, John F. Kennedy School of Government, Harvard University</i> | 39 |
| Changing Patterns of Finance for Higher Education: Implications for the Education of Scientists and Engineers <i>Maureen Woodhall, Centre for Higher Education Studies, Institute of Education, University of London</i> | 45 |

SECTION II: CURRENT TRENDS IN THE EDUCATION OF S&ES

| | |
|---|------------|
| Contradictions and Complexity: International Comparisons in the Training of Foreign Scientists and Engineers | 55 |
| <i>Dorothy S. Zinberg, Program for Science, Technology, and Public Policy, John F. Kennedy School of Government, Harvard University</i> | |
| Science and Engineering: Human Resource Needs in the Next Three Decades | 89 |
| <i>Alan Fechter, National Research Council</i> | |
| Structural Changes in the Japanese Supply/Employment Systems of Engineers: Are We Losing or Gaining? | 101 |
| <i>Fumio Kodama and Chiaki Nishigata, National Institute of Science and Technology Policy</i> | |
| Educating and Training the U.S. Work Force for the Twenty-First Century | 129 |
| <i>Harvey Brooks, John F. Kennedy School of Government, Harvard University</i> | |

SECTION III: THE FLOW OF INFORMATION

| | |
|--|------------|
| The Changing Patterns of International Collaboration in Universities | 141 |
| <i>Jean-François Miquel, Office of Technology Assessment, United States Congress</i> | |
| National Security Information Controls in the United States: Implications for International Academic Science and Technology | 153 |
| <i>John Shattuck, Vice President for Government, Community and Public Affairs, Harvard University</i> | |
| List of Contributors | 165 |
| List of Participants | 169 |
| Index | 177 |
